COMPANY OVERVIEW

BUILT TO COORDINATE OUTCOMES

Vanguard Field Operations LLC is a South Carolina-based small business that supports federal, state and local requirements through disciplined sourcing, qualified vendor coordination, procurement support and field execution management. As a non-manufacturer, Vanguard supplies items from approved manufacturers and their distributors, and coordinates qualified subcontractors for field and facility services.

CORE CAPABILITIES

01 GOVERNMENT PROCUREMENT & STRATEGIC SOURCING
Requirement review, supplier engagement, product research, quote development and acquisition coordination, including hardware and sealing items sourced from approved manufacturers.

02 DEFENSE & DOD SUPPORT
Specialized equipment, PPE, mission supplies, rugged transport cases, training support and logistics coordination.

03 GOVERNMENT FACILITY & FIELD SUPPORT
Facility supplies, industrial materials, janitorial commodities, tools and hardware, minor repair coordination and field support services.

04 VENDOR, LOGISTICS & DELIVERY COORDINATION
Vendor qualification, multi-supplier coordination, scheduling, delivery tracking, documentation control and execution support through closeout.

OPERATING MODEL

- **Requirement Intelligence**
  Evaluate scope, compliance, execution risk, supplier availability and strategic fit before pursuit.
- **Qualified Resource Network**
  Coordinate manufacturers, distributors, service providers and subcontractors according to the specific requirement.
- **Execution Control**
  Manage communication, scheduling, documentation, delivery and closeout through a structured operational framework.

DIFFERENTIATORS

- Systems-first operating model built for multi-vendor execution.
- Government-focused sourcing and requirement management.
- Risk-controlled pursuit strategy emphasizing compliance, traceability and deliverability.
- One point of coordination from requirement review through closeout.
